

Background:

For remote payments, conditions of presence of field 59 type 0205 'Acceptance system country code' need to be clarified in CB2A Authorisation from the version 1.6.1 to the version 1.6.3.

Implementation:

Change to Volume 3.3 – Remote payment and secured electronic commerce

8 Message descriptions

A: Authorisation request : 0100
B: Response to authorisation request: 0110

N°	Definition	A	B
...
