**Background:**

According to PCI-DSS, 'Track 1 Discretionary Data' data element is not available for reversal for some environments (for instance, distributed systems). Its condition of presence must be corrected.

**Implementation:**

Change in Volume 3.2 – Face-to-Face Payment / ADM / SST / LAT Payment

| **A:** Payment reversal request : **0400/0401** | **B:** Response to payment reversal request : **0410** |
